MAMA OUT OF AFRICA

The Mama Out of Africa was once a mobile dressing room for the 'Out of Africa' Film Set starring Meryl Streep and Robert Redford, and for quite some time it was a mobile safari vehicle exploring the best wildlife parks in Africa. The structure was rebuilt a couple of times and many will still know the rustic Mama under thatch. The original Mama is now a comfortable kitchen on one side and an en-suite bathroom for the down stairs bedroom.

There is a spacious lounge/dining room and a veranda. A second floor has been added with two small bedrooms and the structure is now completely closed in. Like all our other accommodation well furnished and equipped. The Mama sleeps 6 and has 2 bathrooms.
